

April 16, 2021

I declare that I have no relevant or material financial interests that relate to the research described in the submitted paper, "Hungry for Success? SNAP Timing, SAT Scores, and College Attendance."

Similarly, no coauthors on this paper received funding for this work. We did not seek IRB approval for this project as we used administrative data scrubbed of identifying student-level variables.

A handwritten signature in black ink, appearing to read "Analisa Packham". The script is cursive and fluid.

Analisa Packham
Vanderbilt University
