RE: Disclosure Statement for “Incentivized Peer Referrals for Tuberculosis Screening: Evidence from India”

I serve on the U.S. Board of the NGO in the study – Operation ASHA. However, I have no relevant or material financial interests that relate to the research described in this paper.

IRB approval for the project was obtained from This project was approved by IRB committees at the University of Maryland (College Park, MD, USA), Johns Hopkins University (Baltimore, MD, USA), and the Institute for Financial Management and Research (Chennai, India), under the working title “Leveraging Patients' Social Networks to Overcome Tuberculosis Underdetection: A Field Experiment in India.”
