**Disclosure Statement (Angelucci) for “The Economic Impact of Depression Treatment in India: Evidence from Community-Based Provision of Pharmacotherapy”**

This research was supported by the Swiss Agency for Development and Cooperation (SDC) and the Swiss National Science Foundation through the Swiss Programme for Research on Global Issues for Development (r4d programme) through the grant “Inclusive social protection for chronic health problems” (Grant Number: 400640-160374). We also received support from the Jameel Poverty Action Lab Urban Services Initiative and the University of Michigan. This support does not include non-disclosure obligations.

This study is registered as Trial AEACTR-0001067 in the AEA RCT Registry. The Institutional Ethical Committee of the Shridevi Institute of Medical Sciences and Research Hospital in Tumkur, Karnataka provided primary oversight of the PC intervention (MCI-34-41(E63)/2013-Med/20917). We also received IRB approval for the full study, including the interventions and data collection, from the Massachusetts Institute of Technology (IRB00000333) the University of Chicago (IRB15-1085), the University of Michigan (IRB00000246), the University of Southern California (UP-16-00410), the University of Texas at Austin (UP-16-00410 - exemption), and the Institute for Financial Management and Research (IRB00007107), which led the data collection.

No parties have the right to review this paper prior to publication.

Manuela Angelucci has no other interests to disclose.

A handwritten signature in black ink, appearing to read 'M. Angelucci', is positioned at the bottom left of the page.
