

Disclosure Statement

Title of Manuscript: Private Goods: Supply and Demand of Data Privacy Protection
(note that title of manuscript might change)

Author: Claire McKay Bowen

The author extends gratitude to Daniel Goroff and the Alfred P. Sloan Foundation for their invaluable support in facilitating the transition of academia towards a more privacy-centric data analysis approach, such as the Urban Institute's Safe Data Technologies project.

The author has received contracts and/or grants from the following institutions that exceeds \$10,000 in the last three years:

- Alfred P. Sloan Foundation
- Bureau of Economic Analysis
- Department of Labor
- Gates Foundation
- National Science Foundation National Center for Science and Engineering Statistics
- South Big Data Hub Seed Grant
- Tableau Foundation

The author serves as a member of the Census Scientific Advisory Committee, a panel member of the CNSTAT Approaches for Data Governance and Protecting Privacy Committee, an advisory board member of the Future of Privacy Forums, an advisory board member of the Digital Footprints Program in the UK.
