

I, Jonathan Smith, would like to disclose that we received funding for our submission of “HBCU Enrollment and Longer-Term Outcomes” from Helios Education Foundation, the Russell Sage Foundation, and the Washington Center for Equitable Growth.

The research was approved by Georgia State University’s IRB (#H22612).

Sincerely,

A handwritten signature in black ink that reads "Jonathan Smith". The script is fluid and cursive, with the first letters of "Jonathan" and "Smith" being capitalized and prominent.
