Alessandro Ruggieri. 2025. "Labor Market Power and Development."

The manuscript provided for publication of this article contained an incorrect word in the abstract, which the authors have since brought to the attention of the editorial office. A correction has been made to the PDF of the article. In the sentence “By structurally estimating an oligopsony model with free entry across different development stages, we find that labor market power increases with GDP per capita,” the word “increases” has been corrected to “decreases.”
