

“The Private Provision of Public Services: Evidence from Random Assignment in Medicaid”

Disclosure Statement, Anthony Lollo, May 2025

Sources of financial support for the research:

I receive salary as a Director of Data Science at Yale University. I received no specific research funding supporting this project.

Potentially relevant professional and financial relationships in the past 3 years:

I worked as a data scientist at Caremark Rx, the pharmacy benefit management subsidiary of CVS Health, from 2022 to 2023. My work there focused on specialty medication spending for commercial clients.

Paid or unpaid positions of relevant entities:

None

Spousal or family-related COIs:

None
