

Disclosure Statement for “What Matters for the Productivity of Kidney Exchange?”

Nikhil Agarwal, Itai Ashlagi, Eduardo Azevedo, Clayton Featherstone and Omer Karaduman

The authors declare that they have no relevant or material financial interests that relate to the research described in this paper.

Azevedo gratefully acknowledges support from Wharton's Dean's Research Fund. Agarwal and Ashlagie gratefully acknowledge support from the National Science Foundation.

The data were supplied by the Alliance for Paired Donation (APD), the National Kidney Registry (NKR) and the United Network for Organ Sharing (UNOS). These providers did not have right of review, except to ensure patient confidentiality.

Approval from Institutional Review Boards at MIT, Stanford and University of Pennsylvania were obtained for this research.
